Mission and Values

Mission

Keene State College prepares promising students to think critically and creatively, to engage in active citizenship, and to pursue meaningful work. As the public liberal arts college of New Hampshire, we offer an enriching campus community and achieve academic excellence through the integration of teaching, learning, scholarship, and service.

Values

Our liberal arts mission dedicates us to the development of knowledge and skills necessary to meet the challenges of our changing world. As a public institution, we provide educational opportunities for all qualified students and continue our heritage of service to New Hampshire and the New England region.

We Value:

- All members of our community: students, faculty, staff, alumni, and friends.
- Strong relationships among students, faculty, and staff.
- Excellence in teaching, learning, and scholarship.
- Commitment to learning and cultural enrichment.
- Social justice and equity in our community and in our curriculum.
- Educational challenge and support for a wide range of learners.
- Physical and financial access and support.
- Balanced development of mind, body, and character.
- Diversity, civility, and respect.
- Civic engagement and service to the community.
- Environmental stewardship and sustainability.
- Partnerships that enhance the quality of life in the Monadnock region, New Hampshire, and the world.
- An attractive campus that inspires and supports inquiry, reflection, and social interaction.

Accreditations

Accreditation is an internal review process to improve academic programs. Following the guidelines stipulated by various accreditation organizations, corresponding academic units conduct self-examination on their functional areas against the standards developed by those accreditation organizations.

New England Association of Schools and Colleges - Institutional accreditation

National Council for the Accreditation of Teacher Education - Teacher Education Programs

Accreditation Council for Education in Nutrition and Dietetics - Health Science Nutrition Option

National Association of Schools of Music - Music Program

Commission on Accreditation of Athletic Training Education - Department of Physical Education

American Chemical Society - Department of Chemistry

International Association of Counseling Services - Counseling Center

Enrollment

All data are taken from KSC's official census date of R+30, which is 30 days after the first day of classes

Definitions continued

Continuing Education students are those taking courses but not formally enrolled as degree- or certificate-seeking students.

Non-Credit students are enrolled in special continuing education courses which do not earn college credits.

Full-Time equals a minimum credit load of 12 for an undergraduate or a minimum of 9 for graduate students.

Part-Time equals less than the minimum full-time credit loads for undergraduates or graduates.

Headcount is the number of students enrolled, regardless of their credit load.

FTE is full-time equivalent students. Each full-time student is counted as one, regardless of how of how many credits he or she is taking. The credits taken by all part-time students are totaled and divided by the minimum full-time credit load.

FFTE is financial full-time equivelant students. This is total annual tuition and fee revenues divided by the annual tuition rate based on each KSC tuition rate category.

Residency is determined by the home state of the student. Residents reside within New Hampshire and non-residents reside outside of New Hampshire.

Class Levels are based on the number of credits a student has completed - freshmen/first-year students have completed 0-29 credits, sophomores have 30-59, juniors have 60-89, and seniors have 90 or more credits.

International Student is a foreign citizen student regardless of visa status.

Headcount is an unduplicated count of all enrolled students.

FTE - Full-time equivalent. Full-time students are each counted as one FTE. Part-time student FTE is calculated by totalling all credits taken by part-time students and dividing by the minimum full-time credit load.

FFTE - Financial full-time equivelant. This is calculated by totalling annual tuition and fee revenues and dividing that by the annual tuition rate based on each KSC tuition rate category.

**FFTE projected for FY14*

Retention and Graduation

Retention and Graduation Rates by Cohort	Trend of retention rates. Trend of four-, five- and six-year graduation rates.
Retention Rates for Demographic Groups	Trend of retention rates for first-generation students. Trend of retention rates for students of color. Trend of retention rates for low-income students. Trend of retention rates by gender of students. Trend of retention rates by residency of students.
Degrees Awarded	Trend of total degrees awarded during each fiscal year. Degrees awarded at spring, summer and winter commencements are counted.
Majors At Graduation	Trend of the majors of those who graduated in each fiscal year. Because this number includes second majors, it exceeds the number of degrees conferred.
Graduated Students by Gender	Trend of headcounts of all students who were awarded a degree during each fiscal year by gender.
Graduated Students by Race/Ethnicity	Trend of headcounts of all students who were awarded a degree during each fiscal year by race/ethnicity.
Majors At Graduation	Trend of the majors of those who graduated in each fiscal year. This is a count of majors and second majors at graduation. Because of second majors, this number exceeds the number of degrees conferred.
Definitions	**Post Baccalaureates** are students with a bachelor's degree returning for teaching certification - counted as undergraduates. **First-Generation Students** - Students report parental education on their admission application. First-generation students are those for whom neither parent possesses a four-year college degree. **Low-Income Students** – Pell-grant recipients are used as a proxy for low-income status. Some students who receive Federal Pell grants may not actually be from low-income families (for example, if there are many students from that family enrolled in college at once).

Note: Retention and graduation rates are calculated based on all full-time, first-time, bachelor degree seeking students entering in fall of a given year. For Factbooks published prior to fall 2006 these rates were calculated using all first-time, first-year undergraduate degree seeking students regardless of full- or part-time status. Historical data presented here have been recalculated based on full-time students only so that figures in these tables are consistently derived.

The data reported here differ slightly from retention rates reported in previous Keene State College Factbooks because IPEDS rules have been applied retroactively to cohort years 2005-2009. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis. Future Factbooks will report retention data consistent with this methodology.

IPEDS rules have been applied to these calculations. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis.

**Retention & Graduation rates for Cohort 2007 & 2008 have been modified from previous Factbooks to exclude a Military LOA student not previously accounted for.*

2010	322	74.8	62.0	57.9
2011	310	73.9	62.7	
2012	306	73.0		

Retention rates are calculated based on all full-time, first-time, bachelor degree seeking students entering in fall of a given year.

IPEDS rules have been applied to these calculations. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis.

Pell-grant recipients are used as a proxy for low-income status. Some students who receive Federal Pell grants may not actually be from low-income families (for example, if there are many students enrolled in college at once).

Readers should interpret retention rates with caution when they are computed for small groups. A change of a small number of students from year to year will result in a large percentage change.

Definitions	**Facilities Operating Budget Total ($/GSF)** – The Facilities Operating Budget Total benchmark analyzes the amount budgeted each year to operate campus physical assets and the department that maintains them. The budget is broken into three different categories: **Daily Service:** Materials, labor costs, service contracts, office expense, etc. associated with the regular maintenance, cleaning and grounds keeping of the campus. **Planned Maintenance:** Materials, labor costs, service contracts, etc. that enhance or extend the useful life of campus buildings and components. Some examples include changing belts and filters on HVAC equipment, elevator service contracts, sprinkler and fire alarm system testing/maintenance contracts, etc. **Utilities:** The procurement of utility commodities, i.e. natural gas, oil, steam, electricity, water/sewer, etc. Utilities costs do not include institutionally held people costs, plant operations or service contracts of utility systems. **The Facilities Condition Index (FCI)** is a comparative indicator of the relative condition of facilities. The FCI is expressed as a ratio of the cost of remedying maintenance deficiencies to the current replacement value.

Density Factor (# of users/100,000 GSF) measures the number of faculty, staff and student FTEs on campus per hundred thousand square feet. This determines the intensity of use that campus space experiences on a daily basis, or the number of people utilizing the space on a regular basis. The higher the density factor, the quicker space becomes worn out, dirty, etc. and the harder it is for facilities to maintain. Typical density factor categories that institutions fall into:

- 0 – 250: Small, liberal arts institutions
- 250 – 400: Comprehensive institutions
- 400 – 600: Large, graduate, research institutions
- 600+: Urban institutions, hospitals

Other benchmarks significantly impacted by density factor include custodial staffing, supervision, material expenditures, and cleanliness scores.

Mandatory Fees are charged to students enrolled for credit. These fees include a Registration Fee, Student Center Fee, Activity Fee, Educational And Technical Fee, Athletics and Recreational Sports fee, Health and Counseling Services Fee and Class Dues. *For further information regarding mandatory fees please see the Mandatory Fees page of the KSC website (http://www.keene.edu/sfs/mandatory-fees.cfm).*

Per-Credit costs are charged to those students enrolled part-time.

FFTE is Financial full-time equivelant students. This is total annual tuition and fee revenues divided by the annual tuition rate based on each KSC tuition rate category.
